

Tapidor tapestry

Oran, Algeria

Description

The building of the new Tapidor factory advance. The biggest carpet and tapestry manufacturer in the Maghreb opens a new headquarters in Oran, Algeria, and we are moving steadily in the building.

With a structure of more than 1,380,000 kg and 21,000 square meters of roof, it will be the operational center for the important Algerian company, from which it will be able to advance in its process of expansion and brand internationalization.

The roof and facade are 50 mm thick sandwich panel with rock wool insulation and translucent polycarbonate plates.
